SCHOOL CHILDREN ENLISTED IN FIGHT

Will Help Bakery-wrapped Bread Crusade by Carrying Home Instructions on Sanitation.

A plan whereby every schoolchild in the city will become a booster for bakery-trapped bread is being evolved by the women's clube of Washington. The plan is to have school-teachers explain to the hildren the advantages to be sained in he way of sanitation by having bread varapped before it leaves the bakery, and is larged to be suffered to the control of the beautiful to the control of the control of the beautiful to the control of the control of the large the control of the control of the control of the saint the control of the control of the control of the saint the control of the control of the control of the control of the saint the control of the contr parents about the crusade which is being waged. The purpose is to get the attention of all parents in the city to the crusade, as a result of which they will write to the bakers demanding consideration of the plea for wrapped located.

The plan is one of promise, loasmuch as Dr. William M. Davidson, superintendent of schools, is heartly in favor of bakery-wrapped hread.

"I think that all bread should be wrapped immediately after it is taken from the oven," said Dr. Davidson has

of Beauty—Public Invited.

The directors' room of the Franklin school his been transformed into a flowery bower by the exhibit of roses, carnations, and amayrills which were transferred from the headquarters of the Washington Floriats Association to the school building yesterday menning.

The flowers, which were sent to this city by floriate from all over the country to be displayed at the annual exhibition of the Washington Floriat's Association, contain some very rare and heautiful specimens, and represent the highest development of the art of barticulture. The exhibit at the Franklin school is open to the public and will remain so to-day. It is the initial step of the local floriate in their movement to promote floral competition between the various schools.
